Personal Summary

Aspiring Full Stack Developer with a solid foundation in web and mobile app development. I possess hands-on experience in building dynamic, responsive applications using modern technologies like React, Node.js, and MongoDB. My experience includes successfully enhancing user engagement and functionality, driving significant improvements in application performance. I am eager to leverage my technical skills, collaborative approach, and passion for innovation to contribute to cutting-edge projects in a fast-paced tech environment.

Professional Experience

Junior Web Developer   *08/2024 – Present*

Abhis Overseas Educampus Pvt Ltd– Chennai

- Currently developing a full-stack solution for a food delivery web application aimed at enhancing user experience and operational efficiency.

- Engaged in building responsive UI components using modern frameworks like React to ensure a seamless interaction across all devices.

- Implementing back-end services with Node.js and Express to handle data management and API integration for real-time order tracking and delivery updates.

- Applying best practices in code versioning, testing, and deployment strategies to maintain a robust development environment.

Full Stack Developer Intern   *02/2024 – 08/2024*

WHY GLOBAL SERVICE – Chennai

- Developed a responsive web application, increasing user engagement by 40%.

- Integrated APIs, enhancing the application's functionality.

- Utilized modern JavaScript frameworks (like React) to build dynamic user interfaces, leading to a more interactive and modern web application.

- Managed version control and continuous integration processes using Git and Jenkins, ensuring smooth and efficient team collaboration.

Senior Data Analyst   *10/2021 – 02/2024*

Object ways – Karur

- Demonstrated strong dedication, sincerity, and hard work while handling assigned responsibilities and improving company management.

- Worked on key analytical tasks that contributed to operational efficiency and decision-making.

- Maintained exemplary professional relations with team members and colleagues.

- Proven track record of contributing to projects with precision and commitment.

- Played a significant role in the enhancement of internal processes, ensuring improved workflows and outcomes.

Skills

Programming Languages:	JavaScript | HTML | CSS
Frameworks and Libraries:	React.js | Express.js | Node.js | Bootstrap | Tailwind CSS | Flutter
Databases:	MongoDB | SQL
IDEs & Editors:	Visual Studio Code | Postman
Design Tools:	Canva | Figma
Core Competencies:	Full Stack Development | UI/UX | IoT | Mobile App Development

Projects

Expense Tracker Application   *07/2024 – 08/2024*

- **Overview**: Developed a full-stack expense tracker application to manage personal finances efficiently.
- **Features:** Added functionalities like expense recording, categorization, real-time balance updates, and expense filtering.
- **Database:** Implemented CRUD operations for expenses, enabling users to track, edit, and delete their entries.
- **Technologies:** React.js, Node.js, Express.js, MongoDB, Mongoose, JWT, bcrypt, Postman, Tailwind CSS.

KFC Website Clone   *06/2024 – 07/2024*

- **Overview:** Built a dynamic and responsive KFC website clone to offer a seamless user experience.
- **Features**: Implemented a fully interactive user interface with React, ensuring responsiveness across devices.
- **Backend:** Developed server-side logic using Express.js for handling user requests, authentication, and data management.
- **Database**: Designed and implemented a MongoDB schema to optimize data storage and retrieval.
- **API Integration:** Integrated third-party APIs, including payment gateways and social media logins for user convenience.
- **Technologies:** React.js, Node.js, Express.js, MongoDB, Mongoose, JWT, bcrypt, CI/CD, Postman.

Education

PG in Full Stack Development – MERN   *02/2024 – 08/2024*

Why Tab - Chennai

BSc Computer Science   06/2017 – 04/2020

KSR College of Institute – Thiruchengode

CGPA: 7.8/10
